Definitions:

- **Student-Exchange** is a program that allows students to study at a foreign university who is an exchange partner of the Technion, while paying regular tuition to the Technion.
- **Study-Abroad** is a program that allows students to study at any foreign university (not exchange partner) while paying full tuition to the foreign university.
- **Exchange Partner University** is a university with whom the Technion has signed a student exchange agreement, allowing students to take part in a Student Exchange program. Student exchange agreement might include all Technion Faculties or might be only with specific faculties within the Technion.
- **Home Faculty** refers to the faculty at the Technion where the student is studying and registered.
- **Host University** refers to the foreign university in which a student visits and studies either in a Student Exchange or a Study Abroad program.
Options for Study in Universities Abroad

Student Exchange
- Tuition paid to Technion
- No tuition paid to Host University
- Student responsible for travel, food, housing and any other expenses
- Credit transfer is subject to the home faculty’s approval, based on transcript and syllabi

Study Abroad
- Leave of Absence from Technion
- Tuition paid to HOST University
- Administrative costs paid to Host University
- Student responsible for travel, food, housing and any other expenses
- Credit transfer is subject to the home faculty’s approval, based on transcript and syllabi
Eligibility for Exchange

• Cumulative GPA of 80 for Science and Technology students, 85 for Architecture students

• Students must have no disciplinary record or improper academic status

• Must have completed at least 4 Technion semesters, at the time of the exchange program

• Must return to Technion for at least 1 semester at the end of their semester abroad

• Students must take a course through Technion International (Spring Semester or Summer program)
Outgoing Student-Exchange Applications

Application Form: Completed through the Technion International online registration system,
The following documents need to be uploaded to the system:
• Transcript of studies (in English)
• Resume (CV) in English
• Letter of Intent - Explain the reasons why you would like to
• Proof of knowledge of English – obtained through the Humanities department (TOEFL or IELTS), and/or language required by Host University
• Financial statement must include students’ monthly income, additional scholarships granted, etc.

This application is for the Technion exchange program. Students approved by the Technion to take part in the exchange program, will be nominated by the Outgoing Exchange coordinator at their assigned university. Approval by Technion does not assure acceptance by the partner university. Final decision is at the discretion of the partner university.
Process

Application to the Technion exchange program

Applicants will be interviewed by members of the TI’s advisory committee

TI advisory committee decides on tentative student placement

TI nominates students to Host University according to deadlines and requirements (including tentative study plan approved by Faculty)

Acceptance/rejection by partner university at their own deadline

Exchange semester

Upon return - Home Faculty decides on the credit transfer based on transcript and syllabi
Timeframe and Deadlines

November 11, 2018
- All applications must reach TI office by:
  - December 6th 2018 (Engineering & Science students)
  - December 13th 2018 (Architecture students)

January 2019
- TI will send a confirmation as to eligibility for student exchange by January 2019

Spring/Autumn 2019
- TI will nominate students to Host Universities for the relevant semester (additional documents will be required – TOEFL, application form, updated transcript and will supplied by the student)
- The Host University will send confirmation of acceptance/rejection to TI and/or student according to its own deadline

noan@int.technion.ac.il
Fees and Charges

- Regular tuition to Technion
- 190 NIS - non-refundable application fee, charged through tuition by the student accounts department
- 300 NIS – Late application fee
- 300 NIS - Cancellation fee, BEFORE contact with Host University
- 650 NIS - Cancellation fee AFTER contact with Host University
Technion Partner Universities
Technion Partner Universities – Opportunities for Architecture Students
Technion Partner
Universities – Opportunities for Engineering/Sciences

FAQ

• Exams: NO special permission for MOED B or missed exams
• Preference: NO guarantee for studies at any particular Host University
• Candidates responsibility: All costs, deadlines and processes are to be monitored by students
• Who decides: **Final decision depends on Host University**
• Abiding regulations: Students must follow the host university’s regulations

Global E³ is a consortium over 60 schools of engineering in 20 different countries including Australia, USA and UK.

How Does Global E³ Work?

- Top engineering students from Participating Institutions apply to study abroad for up to 1 year
- Students’ advisors forward application to program administrators
- Program administrators work with participating institutions to place students at host universities
Erasmus+ Student Mobility Program

- The European Commission offers scholarships to students within the framework of the Erasmus+ Program (only European universities included).
- You may receive an Erasmus+ grant as a contribution to your travel and subsistence costs.
- The amount of scholarship may vary according to differences in living costs between Israel and the destination country, the number of students applying for a grant, the distance between countries and the availability of other grants.
- In general, the amount of scholarship ranges from 750EUR to 900 EUR/month, the selected students will also receive a travel grant that can range from 20 EUR to 1,500 EUR based on the one-way travel distance per participant.
- Your study period abroad can last from a minimum of 3 months to a maximum of 12 months.
- The first criterion for selecting candidates is academic merit, but preference will be given to candidates from less advantaged socio-economic backgrounds. Therefore, from Erasmus+ candidates, a financial statement form is also required.
- For further information, please contact Ms. Melinda Margulis, Erasmus+ Coordinator at erasmus@int.technion.ac.il.

Technion Ambassadors Program

Join our program and help promote Technion around the world!

The Technion Ambassadors Program is a select group of students committed to promoting cultural exchange and representing Technion and Israel in campuses abroad. The program is administered by Technion International.
You are welcome to contact: intl@technionmail.onmicrosoft.com
Buddy Program

Connecting the International students and the Israeli students

Your role as an Israeli student:

- Information about life at Technion and in Haifa
- Cultural guidance
- Linguistic support
- Friendship! :)

For more information, contact: buddies@int.Technion.ac.il
Thank you for coming and good luck!

Please contact us for any question: outgoing@int.technion.ac.il
