## 2. GENERAL

- 2.1. When the defendant is a graduate student or attending the Continuing Education and External Studies unit or attending the pre-academic education center the regulations will be adjusted as follows: anywhere that states "the Dean for Undergraduate Studies" should read, respectively, "the Dean of the Graduate School" or "the Dean for the Continuing Education and External Studies " or "the Head of the Pre-Academic Education Center".
- 2.2. A complaint against student who is a junior academic faculty member (such as a teaching associate or sub-associate teacher or assistant sub-associate teacher), who is charged with an offense primarily associated with his functioning as a faculty member, will be handled as part of the academic staff disciplinary proceedings. In the event of a dispute with respect to the framework for handling such a complaint, the dispute will be remitted to the Senior Executive Vice President whose decision regarding the matter will be final.
- 2.3. The court will act to the best of its understanding to ensure the possibility of investigating the matter of concern, pursuing justice, preserving natural rules of justice and preventing disproportionate harm to the accused rights. In order to achieve these goals, the court has the right to correct any defect or mistake in any proceeding, and to give instructions in any other matter as it deems to be just.
- 2.4. The submission of a complaint will be regarded as the opening of a disciplinary procedure and from that time forward, no other Technion person, in the Technion framework, will undertake procedures concerned with the matter of the complaint, nor will he, within the Technion framework, undertake any means of punishment.  
The above does not detract from any right of the Technion, or of a Technion person, to undertake any legal procedure outside the Technion.

- 7.3. The prosecutor shall examine the relevant materials within a reasonable time and shall be entitled to decide to press charges against the suspicious student or cancel the complaint. In case the prosecutor decides to press charges, he will draft a complaint that will include the details of the offense including: (a) the facts alleged against the defendant, including also the time and place of commission of the argued offense. The reasoned decision in the request that was filed by the prosecutor or the defendant regarding representation shall be delivered immediately and in the following manner:

8.4.1. In case the composition of the panel of the court was not determined yet, the chairman of the disciplinary court or the chairman of the appellate court may approve the request.

In the joint notice the defendant shall declare that he was warned by the prosecutor that the court was not obligated to accept the punishments set forth in the arrangement and this declaration shall fulfill the obligation of the court to warn the defendant before he admits. - 9.6.** From the time the plea bargain was approved, it shall be final and unappealable unless the court imposed on the defendant a punishment that was not specified in the plea bargain and then the appeal on the punishment shall be solely an appeal as of right.
- 9.7.** The details of the offense and the decision shall be published, without an indication of the defendant's name, unless otherwise agreed as part of the plea bargain or unless the court instructed otherwise in its decision.
