BSc in Mechanical Engineering

Study at one of the world's leading institutes
for Innovation in Science & Technology

**4-YR
DEGREE
PROGRAM**

**FOCUS ON
ROBOTICS**

Technion - Israel Institute of Technology is Israel's premier center for science, technology, and applied research, and one of the leading institutes of science and engineering in the world.

**TECHNION
INTERNATIONAL**

The BSc program in Mechanical Engineering

This four-year degree program at Technion's prestigious Faculty of Mechanical Engineering trains future engineers for professional practice in an era of rapidly advancing technology. Students will build a strong foundation in the engineering sciences (mechanics, materials, fluids, and thermal sciences) with specialization in robotics, control, and dynamical systems. Coursework will be combined with project-based laboratory and design experience at the faculty's advanced labs to help students develop independence, creative talent, and leadership.

Tuition:

\$15,000 / yr

Campus housing:

\$4,000 / yr

Health Insurance & fees:

\$1,000 / yr

Merit-based partial
scholarships are
available.

Program starts
in August.
