BSc in Mechanical Engineering

Study at one of the world's leading institutes
for Innovation in Science & Technology

Mechanical Engineering
provides the
foundational
engineering
infrastructure for all
modern industry.

**4-YR
DEGREE
PROGRAM**

Technion - Israel Institute of Technology
is Israel's premier center for science,
technology, and applied research, and one
of the leading institutes of science and
engineering in the world.

TECHNION
Israel Institute of Technology

The BSc program in Mechanical Engineering

The four-year degree program at Technion's prestigious Faculty of Mechanical Engineering trains future engineers for professional practice in an era of rapidly advancing technology. Students will build a strong foundation in the engineering sciences (mechanics, materials, fluids, and thermal sciences) with specializations in robotics, control, and dynamical systems. Coursework will be combined with project-based laboratory and design assignments that take place at the faculty's advanced laboratories. Students will develop independence, creative talent, and leadership skills.

Tuition:

\$15,000 / year

Campus Housing:

~\$4,000 / year

Health Insurance & Fees:

~\$1,000 / year

TO APPLY:

apply@int.technion.ac.il

Program starts in August.
Merit-based partial
scholarships are available.
